

# CLEARCRETE

CLEARCRETE

**“CLEARCRETE”™ is an amazing new product for the resurfacing of concrete swimming pools and spas.**

CLEARCRETE is a stunning composite render that is tough and hard wearing. It is remarkably chemical resistant and achieves its stunning, natural look from deep within its translucent properties.

CLEARCRETE has the following exclusive benefits:

- Unrivalled appearance due to its clarity and depth of reflective colour
- Permanent colour. The colour effect comes from within the product - not on the surface
- Superior strength and impact resistance
- Resistant to chemical damage
