The Super™ Pump For Your Swimming Pool

Dimensional Diagram

Model Number	Flow Rate (lpm)	HP	Unions (mm)	Electrical Connection	Voltage Hertz/Phase	Watts	Diameter (mm) Width x Length	Height (mm)	Unit Wt. (kgs)	Noise Lvl dBA@1M
SP2610AQ6	240	1	40/50	plug & play	220-240 50/1	955	219 x 530	276	16	55
SP2615AQ6	274	1½	40/50	plug & play	220-240 50/1	1150	219 x 530	276	16	55

*Flow rates calculated in lpm at 9 Metre of Total Dynamic Head.

Features of the Hayward® Super™ medium head pump:

- The most popular single speed pump sold worldwide.
- Super sized housing, super silent operation.
- Self-priming up to 2.4M above water level.
- Lexan™ see-through cover for easy basket viewing.
- Swing-aside knobs for easy lid removal and basket access.
- Heat-Resistant industrial long wearing drip proof seal.
- Includes Cleva™ 40 & 50mm unions.
- Hayward® pioneered this thermoplastic pool pump in 1975.

Charted Performance Curve - Flow (lpm) vs Head Loss (M):

Super	6 M	9 M	10 M	12 M	15 M
S240	282	240	204	168	-
S274	340	274	236	198	84

The original swimming pool pump launched in 1975 represents the very epitome of trusted quality, durability and longevity.

Exclusive swing-aside hand knobs provide quick and easy access to super-sized 1000 cm³ rigid corrosion-proof debris basket.

Cleva™ union fittings provide extra strength, quick connections and maximum full flow hydraulic performance.

AquaCap™ heavy duty high performance motor design provides excellent air flow ventilation for quieter, cooler operation.
